

2009 Decorator of the Year

Past President, Ken Matyska presents Steve Wasserman the award for Decorator of the Year.

Steve Wasserman, Rexam Beverage Can

This year's recipient is continually working to set the bar higher at his plant by challenging his team members to perform at a level above expectations. He spends the extra time to ensure that the print quality matches approved customer standards and is evidenced by his crew having 0 NOC's year to date. He is creative, maintains a positive attitude and seeks opportunities to improve the way things are done. Steve goes above and beyond his role of Printer Maintainer while interfacing with other departments to improve operations. The team he is part of maintains the lowest spoilage, lowest litho issues, best quality and highest production numbers on a consistent basis. He has 19 years of service to Rexam Beverage Can and works in the Fremont, Ohio plant. Steve was also honored in 2008 as the recipient of the 2008 Rexam Decorator of the Year Award.
